About

Overview

Created in 2006, SASMO is one of largest math olympiad competitions in Asia. More than 300,000 participants from over 10,000 schools participated in SASMO to date. In 2024, we now have more than 45 countries and territories.

The SASMO Team with the support of Advisory Council spend countless hours carefully developing contest papers which touch on both school and Olympiad maths. This combined effort allows participants to do better compared to pure-Olympiad papers, since they are familiar with some questions and can put on their thinking caps for others, bringing out the inner mathematician in them.

With realistic and high standards, SASMO contests aim to stretch the untapped thinking potential of the student population, their participation in SASMO will help them improve in school mathematics as well as higher order thinking skills (HOTS).

Singapore & Asian Schools Math Olympiad

KEY POINTS

Global Scale:
45+ countries and territories with over 300,000 contestants worldwide.

High Reward Rate:
Medals awarded to the top 40% of international participants.

Gateway to SIMOC & IJMO:
Qualifies medalists directly for elite global finals in Singapore and beyond.

International Benchmarking:
Evaluates logical ability and problem-solving against global standards.

ABOUT SIMCC

The **Singapore International Mastery Contests Centre (SIMCC)** is a premier international academic organization that conducts renowned global competitions in mathematics, science, and computational thinking, including flagship programs such as **SASMO, AMO, and VANDA**. Dedicated to cultivating higher-order thinking, logical deduction, and creative problem-solving over rote memorization, **SIMCC** brings together hundreds of thousands of school students from over 45 countries through inclusive, grade-differentiated academic challenges.

Beyond preliminary assessments, SIMCC provides a structured global advancement pathway where top scorers earn invitations to prestigious international championships like **SIMOC, IJMO,** and the **STEAM Ahead finals.** High-achievingparticipants also receive global benchmarking, contest grants, and induction into the **International Junior Honor Society (IJHS)**, which offers leadership training, youth development camps, and access to university scholarship opportunities.

Competition Format

SASMO is open to all Primary 1 to 6, Secondary 1 to 4 and JC1/2 students (Grades 1 to 12 students from International schools). Time given for contest is 90 minutes. Each level has a differentiated paper and contains 25 questions within 2 sections:

90 Minutes
Total Score: 85 points

(To avoid negative scores, each student will begin with 15 points)

Section A

15

Multiple choice Questions

2 points for each correct answer

0 point for each unanswered question

1 point deducted for each wrong answer

Section B

10

Non-routine Questions

4 points for each correct answer

No penalty for wrong answers

Awards

- **Top 8%** → Gold
- **Next 12%** → Silver
- **Next 20%** → Bronze
- **Next 10%** → Honorable Mention
- **Next 50%** → **Certificate of Participation**

Qualifying for Competitions and Prizes

- SASMO Honorable Mention winners with training from the country partner can also qualify for SIMOC. Bronze winners with training from the country partner will also qualify for IJMO.
- The above winners will also receive an award certificate and a medal.
- Perfect scorers will receive a Perfect Score personalized Medallion.
